

Le jeudi 9 mai, Local DS-8310 du Pavillon J.-A.-DeSève

Journée ISC - École de langues

Cognitive Neuroscience and Language Learning

10 h 15 à 11 h 15

Brain organization for language learning

Conférencière : Dr. Denise Klein

Dr. Klein is a Scientist in the Cognitive Neuroscience Unit at the Montreal Neurological Institute and Hospital, and an Associate Professor in the Department of Neurology and Neurosurgery at McGill University. She is Director of the Centre for Research on Brain, Language and Music (CRBLM).

Short abstract :

Dr. Klein's talk will focus on research utilizing behavioral and neuroimaging methods (functional and anatomical) to discuss timelines in brain development for language learning, brain plasticity and language learning experience.
